DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Remarks (pages 11 and 12), filed 01/03/2007, with respect to drawings and claims 11 and 12 have been fully considered and are persuasive. The objection of drawings and the rejection of claims 11 and 12 have been withdrawn.

Drawings

2. The drawings were received on 1/3/2007. These drawings are approved.

Allowable Subject Matter

3. Claims 1-10 and 13-16 are allowed.

4. The following is an examiner's statement of reasons for allowance:

* Rejected claims 11 and 12 have been cancelled to place the application in allowance condition;

* The drawings have been amended to overcome the objection;

* The present invention provides a new apparatus, method and computer readable recording medium, capable of coding a code block by three coding passes at higher speed with reduced time taken by the SP pass (see specification, page 8, second paragraph).

Particularly, the new apparatus, method and computer readable recording medium comprise the following features, which the prior art taken either singly or in combination does not teach:

Art Unit: 2624

- the coding pass processing means reading,... a next sample point to be processed (see independent claim 1);
- the coding pass processing means reading,... matching patterns (see independent claim 6);
- making arithmetic coding according to results... a next sample point to be processed (see independent claims 9 and 13);
- making arithmetic coding according to results... matching patterns (see independent claims 10 and 14);
- the coding pass processing unit reading, ... a next sample point to be processed (see independent claim 15);
- the coding pass processing unit reading, ... matching patterns (see independent claim 16).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
